After an hour of mindful movement, you'll leave feeling refreshed and ready for the weekend!

Garbage: To the Curb on July 3!

A change is coming this summer with how we collect your garbage. Starting Monday, July 3rd, both garbage carts and recycling bins must be placed at the curb. By working together, we can improve safety for our haulers and the efficiency of our services. If you have a medical condition or physical restriction, we can approve an exemption and collect your garbage and recycling near your home. Or, if you would like a rolling cart to make curbside collection easier, we can deliver a free cart. To request an exemption or a Town-issued cart, please visit bit.ly/tospwaste or call 910-692-1983.

What's in Your Drinking Water??

The Town provides water service to over 10,000 customers and handles wastewater for about 6,700 connections. Our 2022 water system Consumer Confidence Report can be viewed at bit.ly/water_ccr

Additional reporting and data for both water and wastewater are available at bit.ly/spwater_sewer

The Town completed all required testing and monitoring and did not have any violations.

Just Drive! It's Your Only Job Behind the Wheel.

April is Distracted Driving Awareness Month and everyone has a responsibility to practice safe driving. Many drivers put themselves and others at risk with distracted driving behaviors like texting, eating, drinking, interacting with passengers, or applying makeup. An estimated eight people die every day due to a crash caused by a distracted driver. Distracted driving isn't just risky for you; it can be deadly for every other driver, plus pedestrians, bicyclists, street workers, and emergency responders. Put the distractions down and help everyone get home safe!
