

Fall in Love with a Good Book at SPPL

Teens and tweens are invited to share their love of reading this month at the Southern Pines Public Library! Tweens ages 8-12 are invited to Would You Read It? on Tuesday, February 10 at 3:30pm. Sample the first chapters of new books, vote for your favorites, and pick your next read!

Teens ages 13+ can visit Swank Coffee Shoppe in Downtown Southern Pines for Teen Book Chat & Chill on Tuesday, February 24 at 5:00pm. This is a laid-back discussion session and perfect opportunity to connect with other teens who love to read.

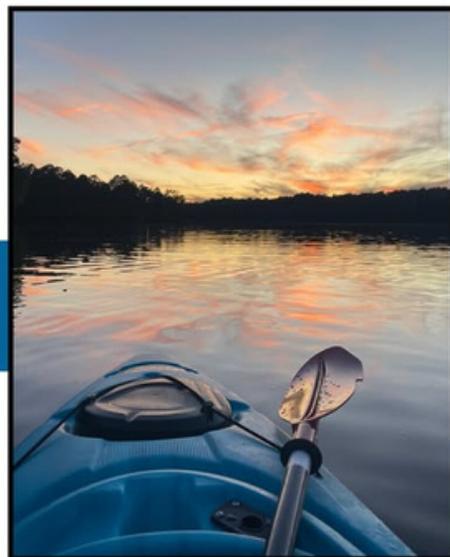

Programs for Adults

Join Horticulture Agent Christian Flores of the Moore County Extension Office for a Seed Swap and Germination Presentation on Saturday, February 7th from 12:00pm to 2:00pm.

Join SGT Griffin of the Southern Pines Police Department for Outsmarting Scams, a presentation and discussion. Learn how to protect yourself and your family from increasingly advanced online scams. Friday, February 20th at 11:00am.

Ready, Set, Rec!
Spring-Summer 2026

Where fun flows all season long!

MON | FEB 9: NON-RESIDENTS

Spring-Summer 2026 Program Guide

The Town of Southern Pines Parks & Recreation Spring-Summer 2026 Program Guide is now available, and resident registration will go live on February 2nd at 8am! Inside, you'll find a full lineup of programs, athletics, events, and activities for all ages.

Scald Prevention Safety Tips

- Open microwaved food slowly and away from face.
- Never hold a child when cooking, drinking hot liquids or carrying hot foods or liquids.
- Never heat a baby bottle in the microwave.
- Test the water at the faucet- it should be less than 100 degrees Fahrenheit.
- Teach children that hot things can burn.

Notice:Water Disinfection

From March 1 through April 1, the Town of Southern Pines Water Treatment Plant will temporarily switch its water disinfection method from chloramine to free chlorine. This routine process helps maintain water quality and system safety. Some customers may notice a slight chlorine odor or minor discoloration, which is temporary and does not affect water safety.

FACILITIES & ADDRESSES

WEYW: Weymouth Woods | 1024 N Fort Bragg Rd.

SPPL: So. Pines Public Library | 170 W. Connecticut Ave.

MEMORANDUM

To: Southern PinesWaterCustomers
From: Ron Istre, Utilities Superintendent
Re: Water Disinfectant Change

The Town of Southern Pines Water Treatment Plant will temporarily change the method of disinfection in its public water supply March 1st through April 1st.

The water plant normally uses Chloramine, a controlled mixture of Ammonia and Chlorine, to disinfect the water. Throughout March, we will use Chlorine only, also known as "Free Chlorine". The periodic and temporary conversion from Chloramines to free Chlorine, which is a normal procedure for water systems, ensures water safety in the distribution system and the highest quality of drinking water.

Free Chlorine is a stronger disinfectant than Chloramine. As a result, users may experience a slight change in the aesthetics of their water during conversion, including a noticeable odor and slight discoloration. Most of these characteristics should lessen after the first few days and does not affect water quality or safety.

The water plant staff will monitor Chlorine levels and water quality standards in the distribution system on a daily basis to ensure the safety of the water and that all regulatory standards are met. We apologize for any inconvenience, but this process helps ensure high quality water in our distribution system components.

For more information, please call David McKew, Water Treatment Plant ORC, at (910) 281-4719. You may also visit www.southernpines.net/228/Water-Plant for more information.

A handwritten signature in blue ink that reads "R. Istre".

Ron Istre
Utilities Superintendent
